I am going to visit the Build, Drive, Go! exhibit at The Strong museum.

Things will be different from my last visit. This is to keep me and my adult healthy. Museum hosts will be wearing blue shirts and masks. I will wear a mask. The museum may smell different than I remember. I will smell the cleaning supplies that the workers are using to clean the museum. I might see workers cleaning while I am visiting the museum. I can help, too, by cleaning my hands and not touching my face.

To visit the exhibit, I will go with my adult up the stairs, or we will take an elevator to the second floor. When I enter the exhibit, playing will be different. I will play at least six feet away from other children. There will be signs and spacers on the floor to help me. Some parts of each exhibit may be closed for a little while. I might feel disappointed or frustrated, but I can still have fun. There are many things I can play with on my own or with my family.

I can sit in the dump truck and pretend to operate it. I can also use pretend construction equipment to move rocks in the back of the truck. I can build my own race track and use the cars to see which track makes the cars go faster at the Test Track area. At the Duplo wall, I can write my name or make a design out of Duplo blocks.

I will stay inside Build, Drive, Go! with my adult until we are ready to leave together. I'm excited to visit the Build, Drive, Go! exhibit.

My adult can learn all about changes at the museum at museumofplay.org so we can learn more together.
